

# Jennifer Nichols

(405) 601-1612

[jzphotography.eyebright.org](http://jzphotography.eyebright.org)

I began studying photography at *Prince George Community College* in *Marlboro, Maryland*. In 2004, I decided to further pursue my career goals by moving to Oklahoma and attending the *Oklahoma School of Photography*. I graduated with a diploma in photography/lab techniques. My training included theory and practical hands-on experience in a wide variety of photographic techniques that incorporated both traditional film and digital media. While in school I received an award for maintaining an "A" average. I also earned an outstanding achievement in photography award for my entry "conspire" in an on-line contest sponsored by [www.picture.com](http://www.picture.com).

My goal is to be a successful freelance photographer. I am interested in photographing couples, weddings, and family portraits along with architecture and events. I have been doing freelance work since 2003 in the area of character costuming.

My outlook on photography is simple, I get back to the basics. I enjoy taking the time to admire objects around me that other people seem to overlook. Viewing things from different perspectives allows me to see the world as a newborn might see it, pure of heart.

## Photography Skills:

Black & White Film Processing  
Black & White Printing  
Color Film Processing
