rinainfini@hotmail.com

My goal is to work in the field as a freelance photojournalist. I began my career training at the *University of Oklahoma* where I studied broadcasting and photojournalism. In 2004, I enrolled at the *Oklahoma School of Photography* and graduated with a diploma in photography/lab techniques. My training included theory and practical hands-on experience in a wide variety of photographic techniques that incorporated professional films and digital media.

My experience has included various freelance jobs and studio work for *JC Penney Portrait Studio*. While employed by *Effective Transitions Inc.*, I compiled photographs and wrote copy for the monthly newsletter. My position also gave me the opportunity to act as a mentor/tutor for troubled teens. I believe clients should be provided with high quality photographic images that add impact to their publications.

I use my artistic capabilities to send thought provoking messages through my images. My photographs have the ability to spark emotions, ask philosophical questions and evoke an opinion. My work is unique and provides a fresh perspective that will pique a viewers' interest.

## Photography Skills:

Medium Format
